4. Features & Bonus Mechanics Game Flow

Base Game

- During base game, wins are checked if at least 3 adjacent columns (starting from the leftmost grid to the rightmost grid) with the same symbols.
- Winning symbols are removed and symbols fall down and fill the empty spots.
- Tumble continues as long as there are recorded wins.
- Landing at least 3 scatters triggers free spins.
    - 3 scatters award 7 spins.

    - 4 scatters award 9 spins.
    - 5 scatters award 11 spins.
- Wild symbols may appear and it substitute any other symbol except for scatters (symbol 0). There are 3 types of wild symbols:
    - Wild: The multiplier under the same reel as the Wild gets +1 increment.
    - Double Wild: The multiplier under the same reel as the Wild gets +2 increment.
    - Random Wild: The multipliers on the multiple random reels get +1 increment.
- When no wins are recorded at the end of the game round, any Wild symbol may explode at a random and clear its surrounding symbols.

Bonus Game

- Same rules from the base game applies.
- Landing a scatter automatically awards an additional free spin. Number of free spins is equivalent to how many scatters will land on a single spin.
- Multipliers stick until the end of the bonus round.

Buy Feature

- Advances players straight into the bonus game.
- Same rules applies as the base and bonus game.
- Buy Feature 1:
    - Price: 100x base bet
